

Course Title	RIPA (Advanced) – Managing Human Intelligence Sources	Duration	One day	RIPA Intelligence
Aim	<p>Designed with you in mind, this course includes all you'll need to know in order to recruit, manage and task a <i>Covert Human Intelligence Source</i>. Revising the <i>Regulation of Investigatory Powers Act</i> authorisation rules and definitions, the course moves on to look at the different types of CHIS that you may encounter and the codes of practice that you must follow.</p> <p>Come on the course to ensure that you know how to keep the <i>CHIS</i> safe and maintain the integrity of your intelligence. Getting CHIS management right is easy ; getting it wrong could be very, very costly.</p>			
Prerequisites	A working knowledge of RIPA authorisations for either CHIS or Directed Surveillance.			
<p><i>NB : This course forms part of a professional qualification and includes delegate assessment during the course. A considerable amount of pre- and post- course guided learning is used in the delivery of this module.</i></p>				
Outcome	Content			
Describe the structure of the CHIS management process and the roles that must be in place in relation to the CHIS, and complete relevant application paperwork.	<ul style="list-style-type: none"> • RIPA and non-RIPA paperwork • The Handler • The Controller • How can you create a CHIS (by mistake!)? • Grading intelligence • Checking the CHIS
