

Course Title	Remote Covidsafe Suspect Interviews	Duration	One day plus distance learning	Advanced Interviewing
Aim	<p>You've some experience of interviewing suspects in accordance with PACE, but now you've got to do it remotely, using Zoom, Teams or something similar. In theory, you know what to do but in practice – well that's a different matter...</p> <p>This course combines a bit of distance learning with a classroom session before going on to give you the chance to practice a full blown interview using a remote platform. You'll work with another investigator to plan your interview (also remotely) before carrying out a live interview, with our training staff taking the part of the suspect and, possibly, a second person – a solicitor or interpreter.</p> <p>Delegates will leave this course ready to undertake PACE complaint interviews remotely!</p>			
<p>You MUST be trained in interviewing (PEACE / Conversation Management) AND the PACE protocols to attend this course – it is NOT a full 'Prosecution Interviewing' training package!</p>
