

Course Title	Annual Update	Duration	One day	Investigations & Enforcement
Aim	You understand that it is vitally important, when carrying out investigations, that you stay within the law. And you'll also know that the law is an ever-changing thing and that it can be difficult to keep up to date with changes and the impact they have on your work. What with new laws, statutory instruments, decided cases (both reported and unreported), new codes of practice and changes to best practice, keeping on top of things can be a nightmare. And the consequences of getting it wrong can be devastating. Luckily for you, we've done all the hard work! All you need to do, to make sure that you're up to date, is attend this course. So if it's been a while since you updated yourself or if you just want to be certain that you've missed nothing, come and find out what's changed lately...			
Prerequisites	None			
NB: The precise contents of this course change daily, as cases filter through the legal system. The outcomes remain the same, but the actual contents will always reflect what's going on when the course is delivered. Longer versions available on request. NOTE : There's time scheduled at the end of the day for delegates to raise any particular issues they have!				
Outcome		Topics likely to include....		
Understand what new legislation's been passed, what's changed and what's about to change, and the new relevant case law.		◆ New acts of Parliament, Bills in progress and repeals / amendments ◆ New and changed <i>Statutory Instruments</i> and statutory codes of practice ◆ Supreme, Appeal and High Court precedent ◆ Commissioners' decisions and important Tribunal cases		
Understand more about the emerging field of cyber – both cybercrime and the cyber tools we can employ to combat it, and in investigation more generally.		◆ Cybercrime types and recent trends ◆ Cyber security tools and securing evidence ◆ Artificial Intelligence bots – ALFIE and CELIA* ◆ Using AI to process and examine data and bulk evidence		
Know how to use the powers that are available to gather evidence from the worlds of the internet and communications data.		◆ Investigatory Powers Act and Regulation of Investigatory Powers Act rules ◆ Tools and techniques for online surveillance ◆ Proper handling of digital evidence to maintain its integrity and admissibility ◆ Best practice guidance		
Be sure you're following the most up-to-date guidance when interviewing suspects and witnesses.		◆ PACE codes – changes, current guidance and interview recording rules ◆ ABE – current practice ◆ Current advice on recording interviews with suspects and witnesses		
Know how best to prepare a case for prosecution, and the impact of sentencing guidelines and sentencing case law on the court's decision.		◆ <i>Common Platform</i> and the <i>National File Standard</i> ◆ Costs, compensation, confiscation and <i>Unlawful Profit Orders</i> ◆ Sentencing guidelines and case law ◆ Case management rules, including disclosure
